SECRETARY HAY'S SON IS KILLED.

Falls From a Third Story Window in New Haven.

HIS FATHER PROSTRATED.

The Young Man Was to Have Been Assistant Private Secretary to President Mckinley.

New Haven, Conn., June 23 .- Adelbert S. Hay, former consul of the United States at Pretoria, South Africa, and e'dest son of Secy, of State John Hay, fell from a window in the third story of the New Haven house in this city shortly before 2:30 o'clock this morning and was instantly

The dead man was a graduate of Yale of the class of 1898 and his death occurred on the evening of the university commencement which brought him here yesterday, and in which, by virtue of his class office, the young man would have been one of the leaders. The terrible tragedy has cast a gloom over the whole city and will undoubtedly be felt throughout the day, which heretofore has been so brilliant and full of happiness for Yale and her sons.

The full details of the terrible accident will never be known. Mr. Hay had rooms at the New Haven house for commencement week. It is generally supposed, however, that after going to his room he went to the window for air, and sitting on the sill he dozed off, and overbalancing, fell to the pavement below, a fall of fully sixty feet. The fall resulted in instant death, and

within fifteen minutes the body had been identified as that of young Hay.
Repeated efforts to locate Secy. Hay by wire were futile until the early morning hours, when a request from the father reached Seth Moseley, the proprietor of the hotel, to take care of the body until the members of the family could reach town.

family could reach town.

He spent a quiet hour in the hotel corridor and smoking-room after the theater and shortly after midnight retired to his room, remarking to the hotel cierk that he was sleepy, and leaving a call for 9 o'clock this morning. He was not seen again until his body came whirling through the air to tis destruction two and a half hours its destruction two and a half hours later. The hotel where the unfortun-ate young man was quartered faces ate young man was quartered faces on Chapel street, the principal thoroughfare of the city, and is almost under the eaves of the university which he proudly claimed as his alma mater. There was a solitary spectator to the terrible tragedy, a laborer on the city streets. At the hour mentioned the workman saw the form of a man fall-ing through space. An instant later the body lay directly in front of the main hotel entrance. The terrified laborer rushed to the spot, and his shouts brought out others. The usual crowd gathered. In it were several belated Tale graduates. They bent over the body. One of them, Julian Mason, of Chicago, a classmate of young Hay, drew back and horror stricken cried: "My God, it's Del Hay!" By this time the hotel clerk had reached the scene

The body was clad in pajamas. An examination of the remains disclosed a discoloration on the right forehead, a contusion on the right arm and an abrasion on the right leg. A plain ring worn on the right hand was bent and cut. No bones were broken and there were no external fractures of the In the sixty feet right downward the body escaped striking a bal-cony one story below and crashed upon the pavement with all the force of a momentum increased by the weight of f such large proportions as

young Hay.

Those members of the class of '98 who are in town, after the examination of the coroner's physician, escorted the body from the undertaking establishment to the private residence of Seth Moseley, of the New Haven house. Here it awaited the arrival of the relatives.

In the college chapel at the morning President Hadley, in address ing the members of the graduating lass, referred to the death of young Hay as follows: "The truths of the Hay as follows: scriptural text of the value of high ideals of manhood are borne out by the untimely death of him whom we mourn His life was not long, but he understood Christian honor and helped ese about him to maintain it. Later, to a reporter of the Associated Press, Dr. Hadley said: "I knew Mr. Hay well while he was in college. I valued him as a friend. I have been

proud of his career." SECY, HAY ADVISED.

Washington, June 23.-Secy, Hay learned of the death of his son, Adelbert, within an hour and a half of the tragedy, through Secy, Cortelyou, who had been notified on the long-distance telephone about 3 o'clock in the morning by Proprietor Moseley of the New Haven house. At the university he was a popular scholar, for though outwardly reserved scholar, for though outwardly reserved in manner he was capable of warm and steadfast friendships, and was of charming manners. At Yale he gave much time to athletics, and this splendidly developed his naturally robust frame, so that he stood at 21 full six feet high, with chest and limbs of corresponding proportions. The stalwart figure of young Hay, with the look of reserve power in his face, undoubtedly went far toward securing for him the respect and consideration which is not respect and consideration which is not always exhibitted toward one of his

THE FATHER.

New Haven, Conn., June 23 .- John Hay, secretary of state, worn out by the trip of nearly nine hours from Washington to New Haven, and nearly prostrated by grief at the untimely end of his eldest son, Adelbert S. Hay, here this morning, reached this city at 5:45 o'clock this evening. Col. Hay gave evidence of extreme fatigue and the mental agony incident upon his was unmistakably great affliction written on his features.

The secretary was driven to the residence of Seth Mosely, 36 Wall street. In the drawing-room of the house reposed the remains of the dead son. In the presence of his beloved dead, Mr. Hay utterly collapsed and prostrated by his great grief, took to his bed. Dr. Samuel D. Gilbert was summoned and administered to the

CURRENCY.

Secretary Root Giving the Matter Serious Consideration.

PARITY OF GOLD AND SILVER

Fixed Rate of Exchange Between American and Mexican Dollars Will Most Probably be Fixed.

New York, June 24.-Secy. Root has not lost sight of the question of the Philippines currency, say Washington advices to the Journal of Commerce, and is likely soon to take it up for serious consideration. There was strong pressure last autumn for executive action which would relieve the actual scarcity of silver coins in the islands. This scarcity was caused by the heavy demand for currency in China while the forces of the powers were at their maximum there, but it seems to have cured itself to some extent. In view of the partial amelioration of these conditions it is probable that Secy. Root will confine his action to the study of the situation with the view of recommending to Congress a comprehensive plan a permanent currency system in the Philippines. The plan which Secy. Root and Secy. Gage discussed last autumn, and which had the cordial enorsement of the secretary of the treasury, was the adoption of a fixed rate of exchange between the American gold ollar and the Mexican silver dollars, which have been the standard coin in the Philippines.

Secy. Gage is disposed to believe that by a reasonable wisdom in the management of the coinage and the gold fund the operation of the system would be automatic in keeping the silver coins | gress. at par with gold at the rate fixed and in regulating the quantity by the movement of gold.

New York, June 24 .- The intentions of the Salisbury government with regard to the education bill are not yet definitely known, says the Tribune's London correspondent. Mr. Balfour will, however, probably make a definite statement in the house of commons to-night. In view of the legislative stag-nation which has marked the present session, it seems clear that any attempt to force the bill through parliament will end in failure, unless Mr. Balfour de-cides to suspend for the remainder of the session the rule which makes necessary the adjourning of a discusion on controversial topics at midnight.

PICNIC ENDS IN A BAD RIOT.

One Killed and Several Are Hurt-Row Among Bill Posters Results in a Fatal Shooting.

Chicago, June 24.—Afterstabbing seven persons Harry Williams, colored, barely escaped lynching last night at the hands of an angry mob.

The crowd, armed with clubs, canes and stones, pursued him down Clark and Van Buren streets until Lieut, Cudmore and Sergt. Flynn of the central detail police appeared. The officers grappled with the negro, who tried to stab Cudmore in the arm.

Just as they had wrenched the knife from him the mob of pursuers reached the scene. Several rushed forward and attempted to take the negro from the officers but upon the arrival of the patrol wagon, dispersed. The trouble was caused by a stabbing affray in which Williams had acted as principal. A man who gave his name as Harry Thomas accidentally ran against the negro. A quarrel followed; then Williams drew his knife, stabbed Thomas five times. Brandishing his knife, he ran down the street stabbing six other persons who tried to stop him. Thomas was removed to the hospital where it was thought that he would

ROW AMONG BILL POSTERS.

Chicago, June 24 .- A man whose intentions apparently were those of & peacemaker, became a manslayer short-ly before midnight, when William Morlarity, a bill poster, was shot to death. There had been a quarrel and a fight in which three non-combatants were injured. Bricks and stones were flying brough the air as four bill posters of whom was Moriarity, fought out a grievance that had its source in Morlarity's discharge from the services of the bill posting company.

The man who did the shooting was standing on the sidewalk on the oppo-site side of the street. When the fight was at its worst he was seen to draw a revolver from his posket and advance to the center of the street where he hesitated. Then, raising the pistol. without apparent aim, he fired, and the bullet struck Moriarity between the eyes. The man fell dead and er ran away, escaping. Three arrests were made. NEW RULE OF WAR. Regards Entrance of Neutral Vessels into Blockaded Ports.

New York, June 24.-It is pointed out in a dispatch to the Herald from Washington that "Foreign relations of the United States" just issued by the state department, shows that a new principle relative to the entrance and departure of neutral vessels of war blockaded port was established

during the war with Spain. Because of the conduct of German men-of-war in entering and leaving ports in the Philippines without first consulting the American naval com-manders, Secy. of State Day sent a circular note to all the powers announcing that "It is advisable that all risk of error or mischance should be avoided by attention to the rules prescribed by prudence, as well as by courtesy. To this end a neutral man-of-war desiring to enter or depart from a blockaded port should communicate with the senior officer of the blockaded forces.

Responding to Mr. Day's note Baron von Holleben made suggestions which were embedied by the state department into rules, which will be carefully observed in future wars. These provide that a prerequisite of the en-trance of a neutral vessel of war into a blockaded port should be the consent of the government establishing the blockade, and the approach of blockaded port in such a manner that the senior officer of the blockading squadron would recognize with certainty the neutral vessel, and that arrangements to identify the vessel leaving the port as a neutral shall be made by the commanding officer of the blockading squadron and the commanding officer of the vessel in the port.

A HEROIC ACT.

In Trying to Save a Train a Man Loses His Life.

Chicago, June 24.-After having sounded the cry that saved the life of his wife and in an endeavor to prevent a possible train wreck in which he feared cores of persons would perish, Frederick H. Davies, for many years prominent as a civil engineer on lines running out of Chicago sustained injuries from which he died last night. Mr. Davies has for some time been

acting as engineer for the Baltimore & Ohio at Milford, Ind., near which city the grade of the road is being changed. The work was under Mr. Davies' direction and he was in the habit of riding from place to place along the line on a handcar. Observing that there were quantities of wild strawberries along the right of way there near his work Mr. Davies invited his wife to accompany him to Milford for an outing. They reached the place about noon and in the afternoon set out for the straw-berry fields. Mrs. Davies going as a passenger on a handcar propelled by

her husband and one of his rod men. Returning in the evening the trio reached Gravelton when they noticed a freight train with a caboose in which were a number of trainmen and labor-ers backing swiftly down upon them.

Columbia, S. C., June 23.-The Southern railway shops in this city were attacked at 3.30 o'clock this morning by a mob of several scores of men. No damage to property was attempted except to break through the high fence surrounding the yards. The strikers were after the non-union workmen, and made for a car in which twenty were

sleeping. A man whose name is siad to be Mey-er was on guard. He fired both barrels of his gun into the crowd, receiving himself a 32-caliber bullet in his forehead, but the skull was not penetrated, The mob fired a great many bullets into the car in which the men were sleeping. None of the non-union men were wounded, but after they had been dragged out of the car they were pretty severely handled. They were marched up the railroad tracks several miles and

Later in the day all but one of the men were brought back to the city by an expedition sent out from the shops It was not until this afternoon that it was known that any of the strikers had been wounded. Close inquiry reveloped the fact that the wounds of four men, one of whom was seriously hurt, had been dressed by physicians. The doctors said they did not know the

names of the men. A half-dozen police are stationed at the shops tonight, but no further trouble is anticipated.
